Remember Victor has taken most of my time but I love him.

That big carnival. Oh yes! We can't forget, before we left.
Wow! My head! Oh! My arm! Shit!
Ouch! We sure had fun except for night, before we left.
I want you to have fun this summer cause it will
probably be the last real fun one you'll have. So enjoy

about your trip. Good luck with the guys.

* when the west wind
blows with the yellow moon
and forms the rising sun
then it will all end *

This year we celebrate the two hundredth anniversary of our country's founding. Four short generations ago, the colonists fought to gain unalienable rights for themselves and their children. Because of the actions of our forefathers, we are able to express ourselves freely through art, music, speech, thought and even the way we dress. We, as they, can show our preferences in many things through our vote. Our own student governments are based on the principles established at the first meetings of the Continental Congress. Elected representatives work with the school administration to attain common goals on the student's behalf.

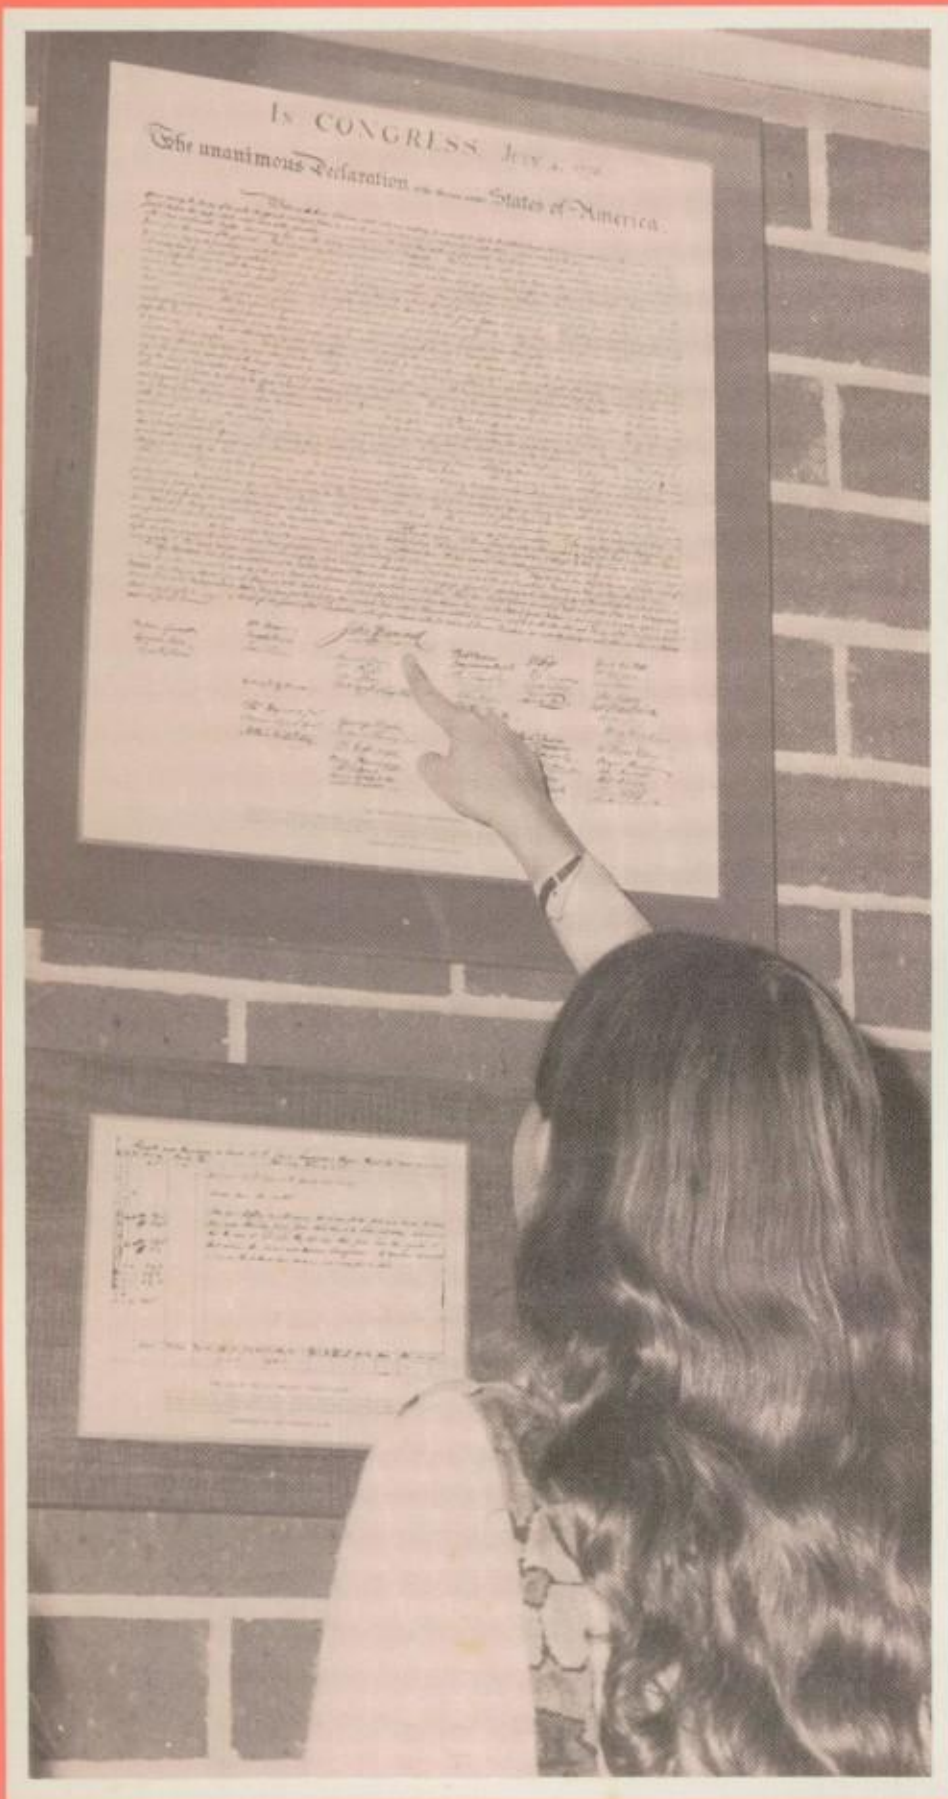

All of our rights are in actuality, privileges that are the result of the occasion we celebrate this year. Therefore, it is imperative that we do not forget what life would be like without our personal freedoms. It is our duty to remember, and more than that, to keep alive that which insures our right to choose, The Spirit of '76.

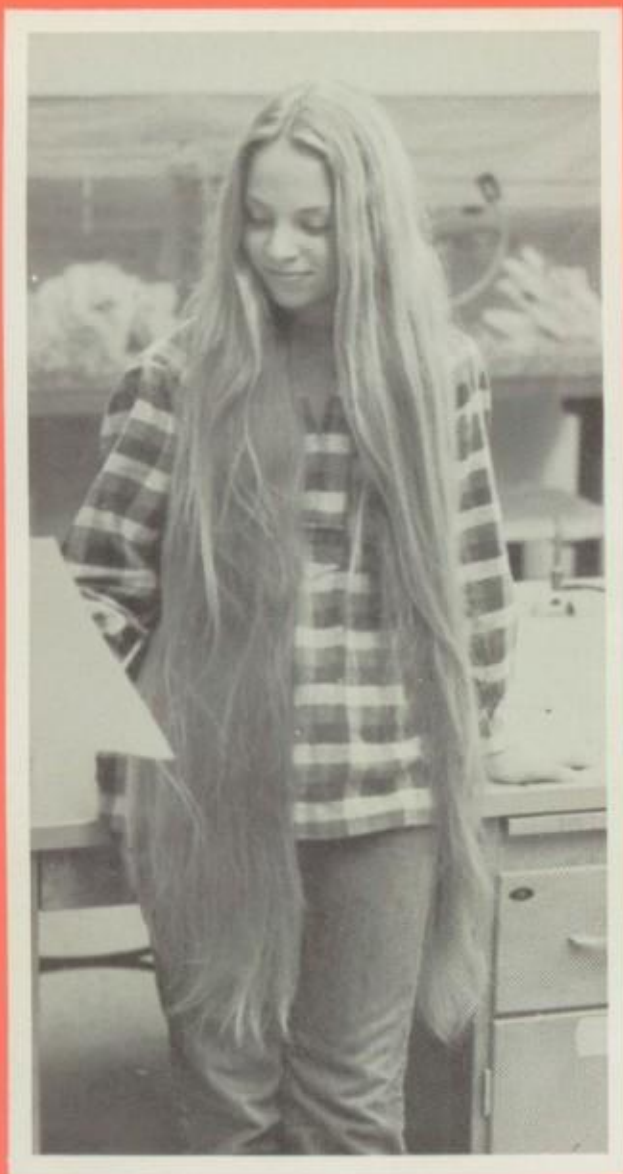

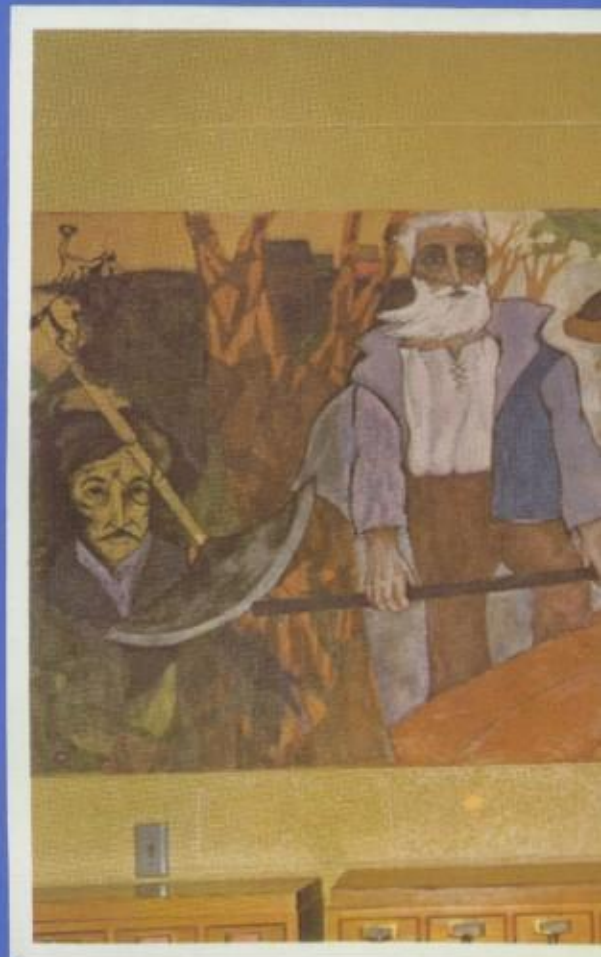

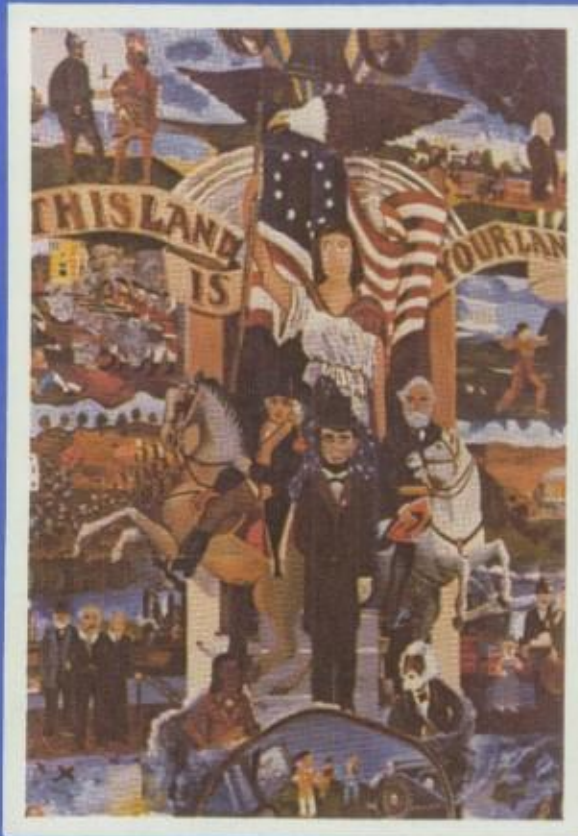

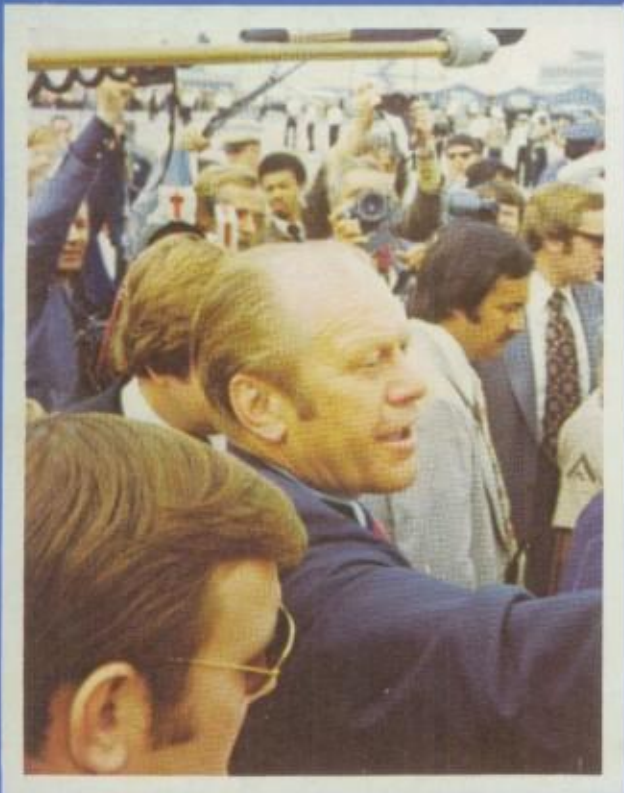

Cheryl
 I want you this whole year, and
 you are the best friend I long with.
 I hope you like the service, enough
 to make out of it.

Willie

Homecoming 1975

Wolfson's tenth Homecoming represented a decade of loyalty. With "Happy Days are Here Again" as our theme, we felt a link with our past. From the pep rally held on Monday to the victorious Homecoming Game on Saturday, Wolfson's spirit was alive.

DEDICATION

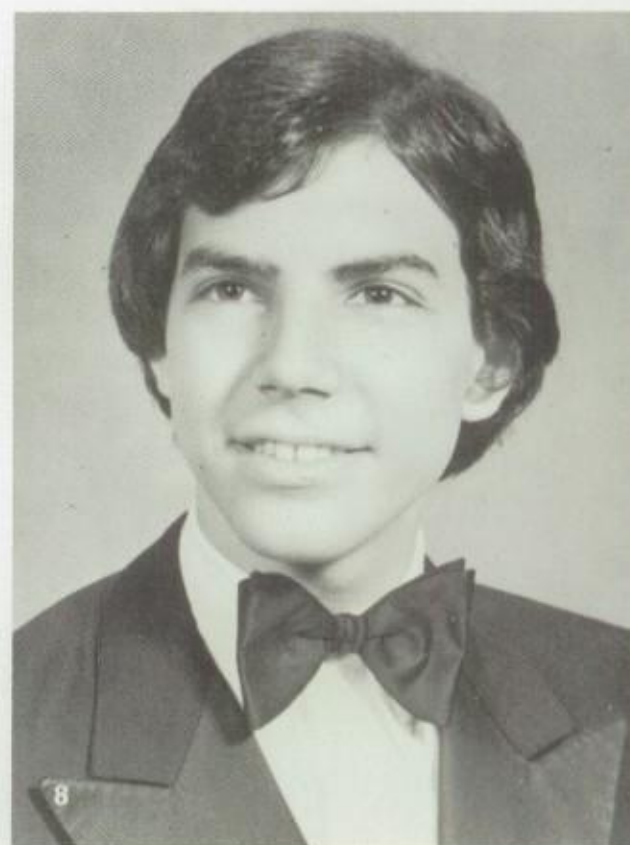

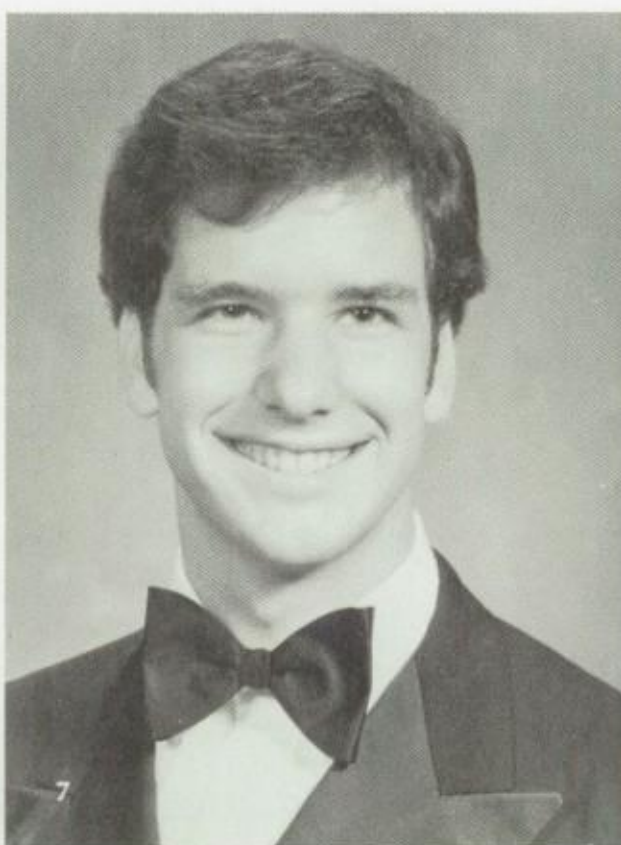

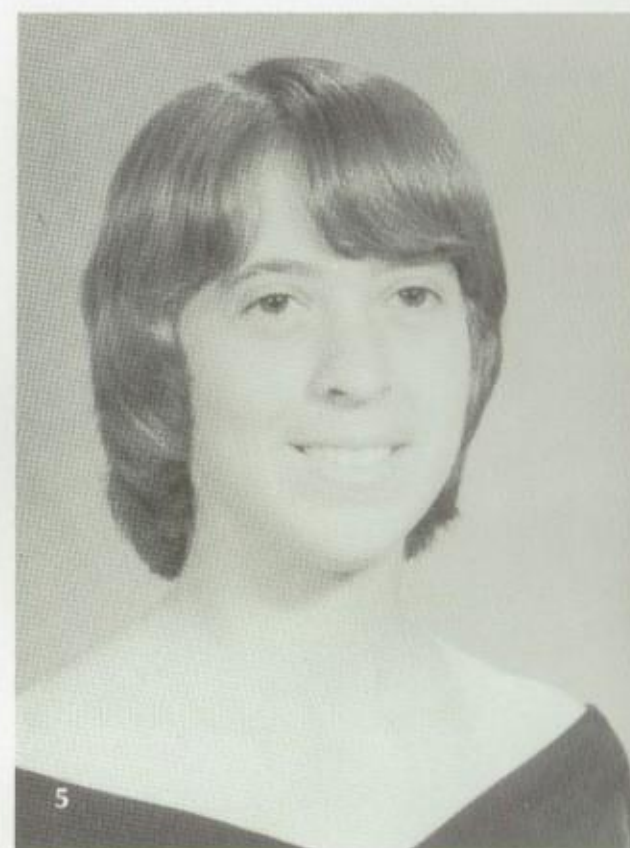

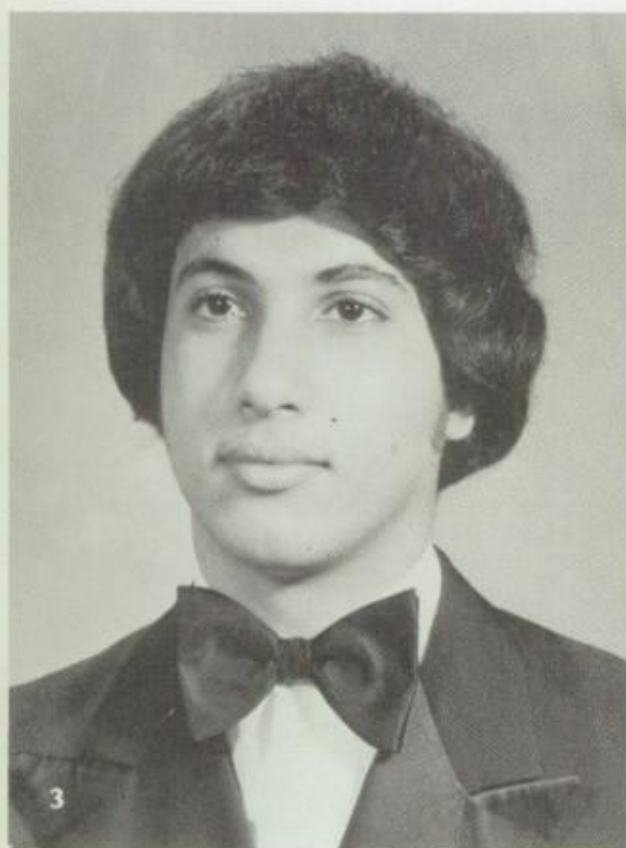

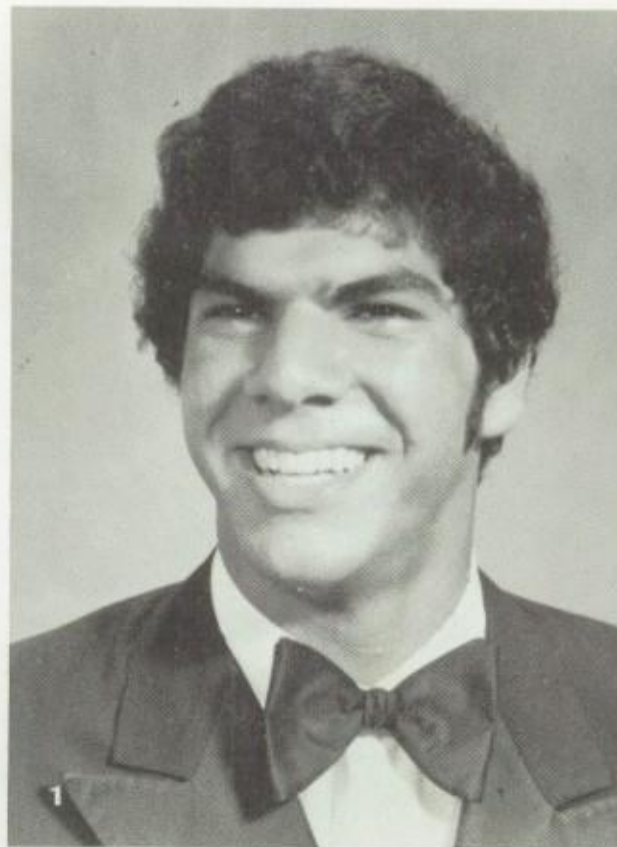

The "melting pot", a meaningfully realistic nickname for a country founded in the pursuit of freedom. Each distinct nationality, each race and creed, each individual personality, all worked together to build and to maintain our heritage. For this same reason, America has become one of the strongest nations in the world.

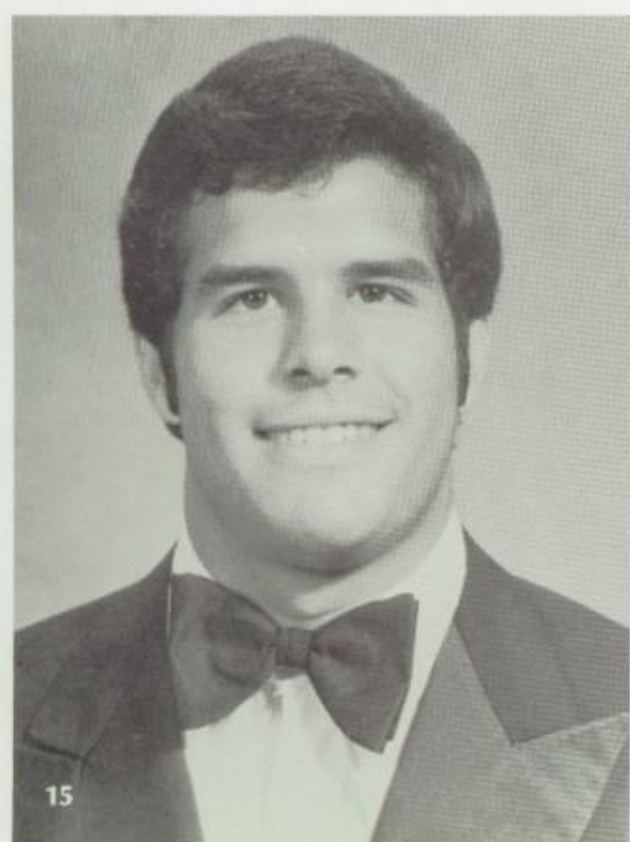

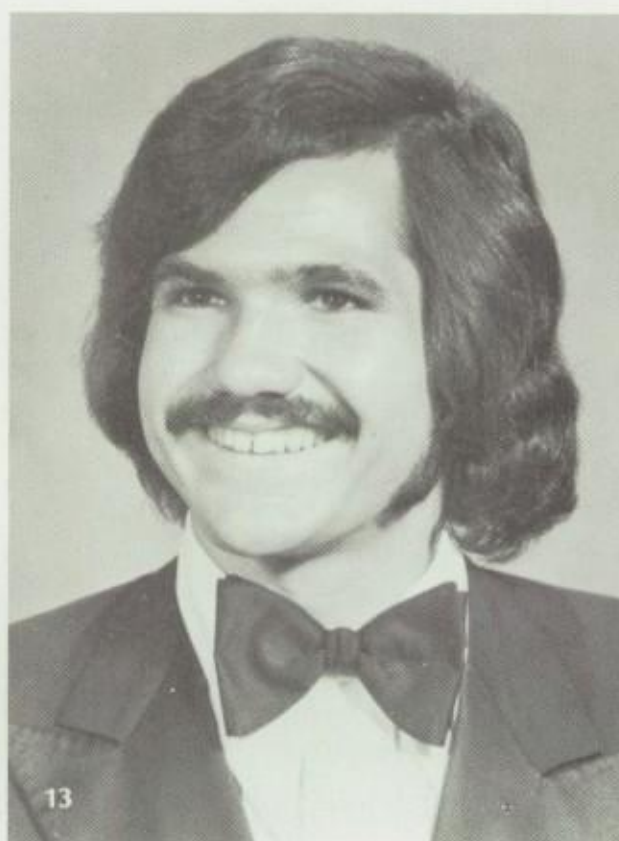

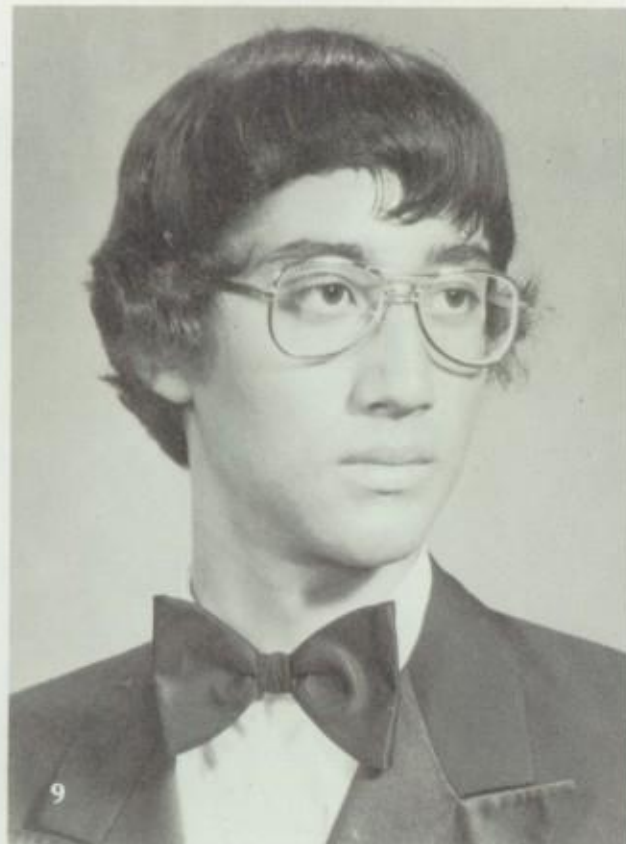

As seniors, Wolfson's graduating class of '76 has a special responsibility to fulfill, to continue striving toward the goals set by countrymen two-hundred years ago. This aim requires hard work and dedication, traits that the students have shown they possess now and must use to assure those ideals for themselves and their posterity. To the class of nineteen hundred and seventy-six, we dedicate this, the Bicentennial edition of the Wolfson Rhombus.

Pack Gets . . .

The Wolfson Wolfpack had their finest season since the year of 1969, ending up with a 7-3 record. It was the first game and the defense was ready. Sandalwood was held back and the offense wrapped up a 25 to 6 victory.

The Wolfpack proved that they were one of the best teams in the county with a near upset over the powerful Vikings of Raines. In the final few minutes, Raines scored two quick touchdowns to wipe out hopes of an upset, taking the game with a score of 23 to 27.

The Forest Rebels were our next victims. We fought to another victory of 13 to 7. The Wolfpack showed everybody its power at the Stanton game. Our offense was hot and seemed like they would never stop making those touchdowns. Everybody was on our side; the offense, defense, and spirit added to form a winning combination that night. The score ended up 61 to 6, our victory, and gave the Wolfpack the number 1 position in the district.

... Rolling on

... and on ...

Wolfson played their biggest and best game of the season against Fletcher. Wolfson needed the win, and they did so convincingly, with a 24 to 14 victory.

The mighty Wolfpack's next game was a shutout victory over Ed White. Everyone played a fantastic game and we came home with a 28 to 10 victory.

On Halloween night, the Wolfpack had to travel to Lake City to play a very important game. The Tigers seemed to be even more determined to win, and the Wolfpack suffered a disappointing loss of 43 to 21.

The Wolfpack was determined to win against St. Augustine, their next opponents. St. Augustine seemed to have all the luck, as they pulled away with only a close victory of 28 to 33.

... To victory.

Wolfson played Terry Parker for their Homecoming. With a concentrated effort, the Wolfpack upset Parker's Homecoming plans by defeating them, 13 to 7.

Our last game of the season was our Homecoming game against our arch rivals, the Englewood Rams. The game was close and very exciting. It was not decided until the closing seconds, with the mighty Wolfpack stopping an Englewood extra point try. We ended the season with a 22 to 21 win. Our fine Wolfpack team finished with a 7-3 record and tied for first place in our district.

J.V. Football

Although beaten in points this year, the "Little Pack" certainly came through as the winners when it came to play and spirit on the field. After losing a close game to Fletcher, the mighty J.V. returned the following week with a victory of 25 to 6 over Palatka South. The next two games against Parker and Forest ended in defeat. We held our ground with Englewood and Sandalwood, 7 to 4, and a crushing 27 to 0, respectively. Our final game was a let-down loss to Fletcher, but we ended the season with a 3-4 record and ranked third in our district.

Our basketball team's conference record of two wins, and ten losses, was a disappointing one, but only in the score. Wolfson won not in points, but in experience. The team consisted mainly of juniors, who will return in seventy-seven one year wiser. Jim Buice, a senior, lead the team in scoring and was also named as one of the top shooters in the conference, by the Jacksonville Times Union. Wolfson salutes this year's seniors and looks forward to another year with an experienced Varsity Basketball Team.

In Memoriam

Scarlet Conner

Eliot Garner

As each one passed into
that outer extremity of life,
They took with them
a living part
of those they knew before—
And left behind in the emptiness they created...
only memories.

As we saw them leave,
our hearts became heavy
with the thought
that their destination would be one
from which they'd never part.
Yet,
we could not be sad for long.
For we knew that although their destiny was now complete,
And their souls,
like their memories,
would live on
forever.

Silvia Fernandez

Dedicated Teachers

JACKSONVILLE

I recently attended "Open House" at Wolfson High School. Never before have I been so impressed with the caliber of teachers that I had the privilege of meeting.

They are intelligent and dedicated educators who are interested in stimulating the minds of our young people. I have never witnessed such a proficient demonstration directed toward higher education and have never seen such enthusiasm and calculated effort on the part of these teachers to instruct and to relate to their students.

I realize now why my daughter, a senior, has taken extra summer courses and often studies late at night, early morning and sometimes foregoes some extracurricular activities to study.

Her teachers have taught and inspired her to discipline herself to the point of actually loving to learn.

It is gratifying and heartwarming to find that teachers like this do exist in our public school system.

JERRY L. HARTY

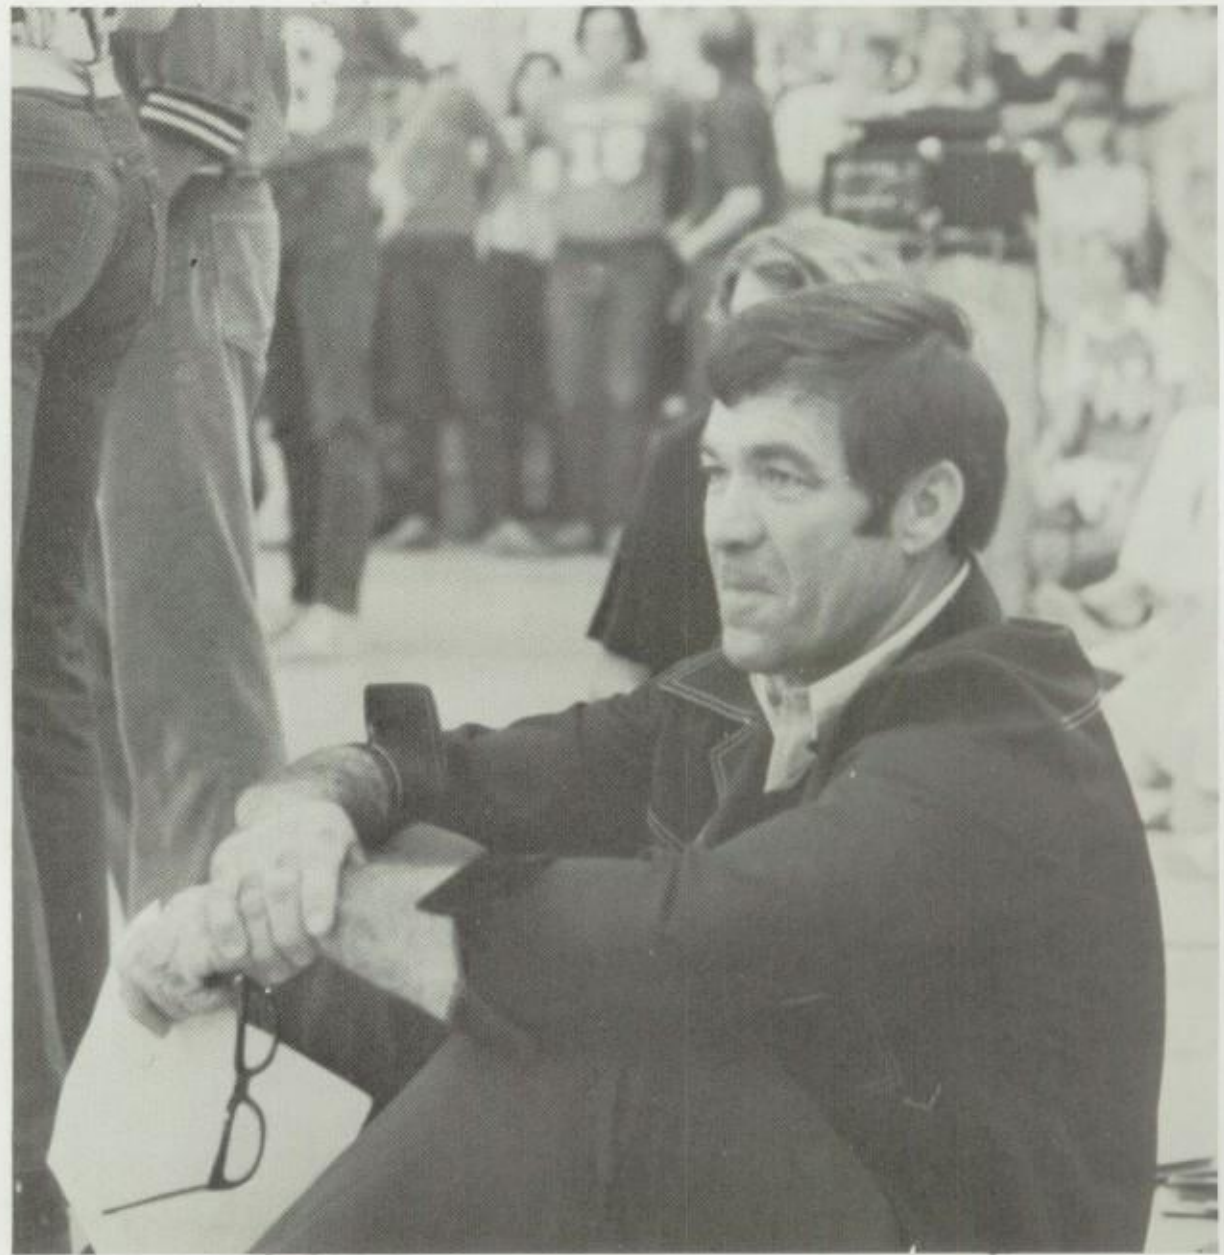

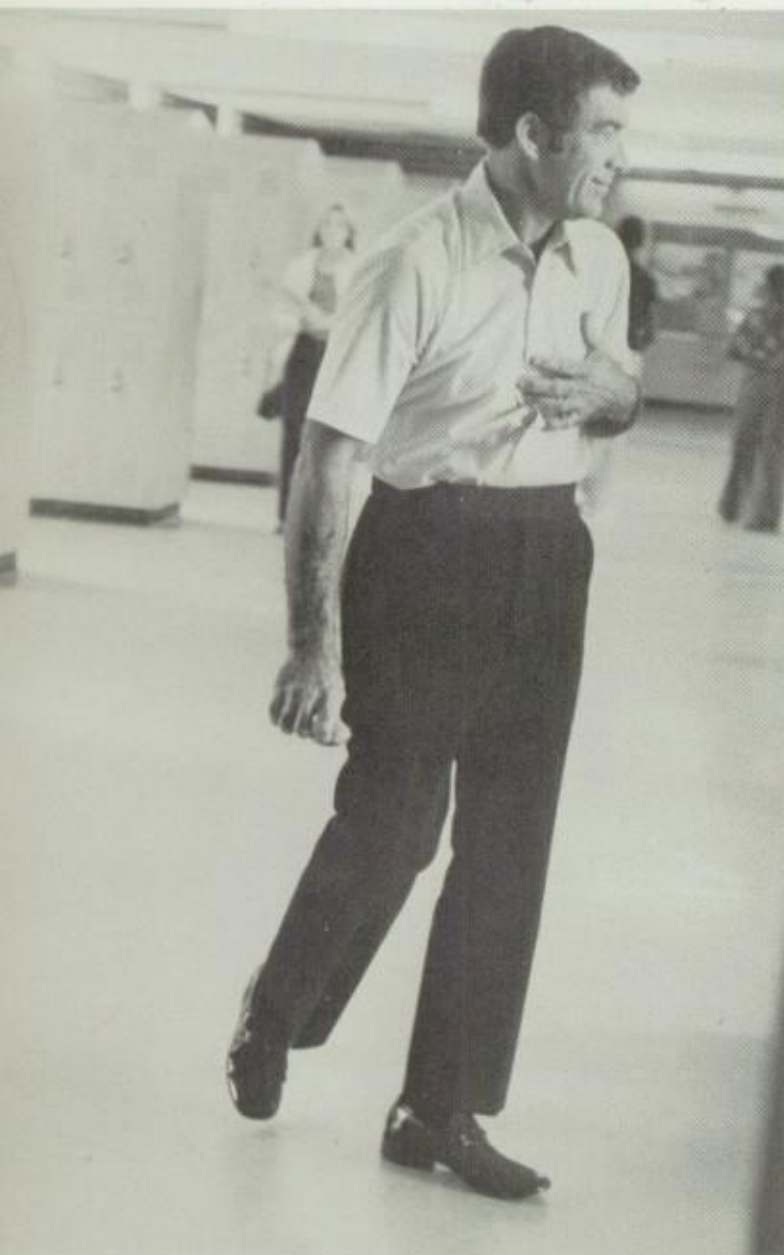

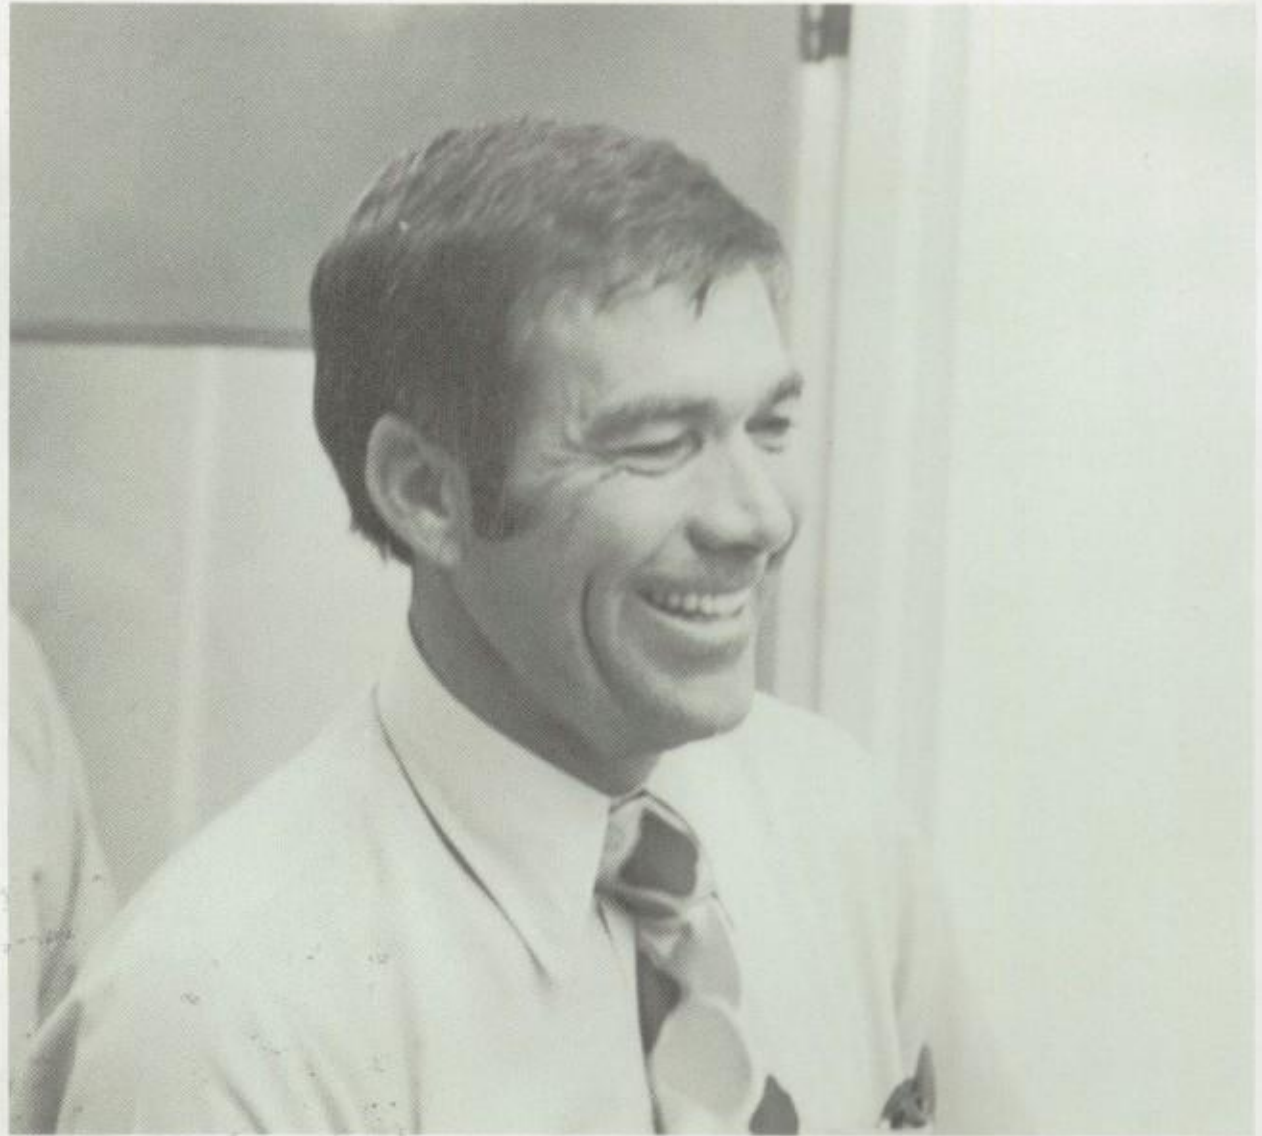

ACADEMICS

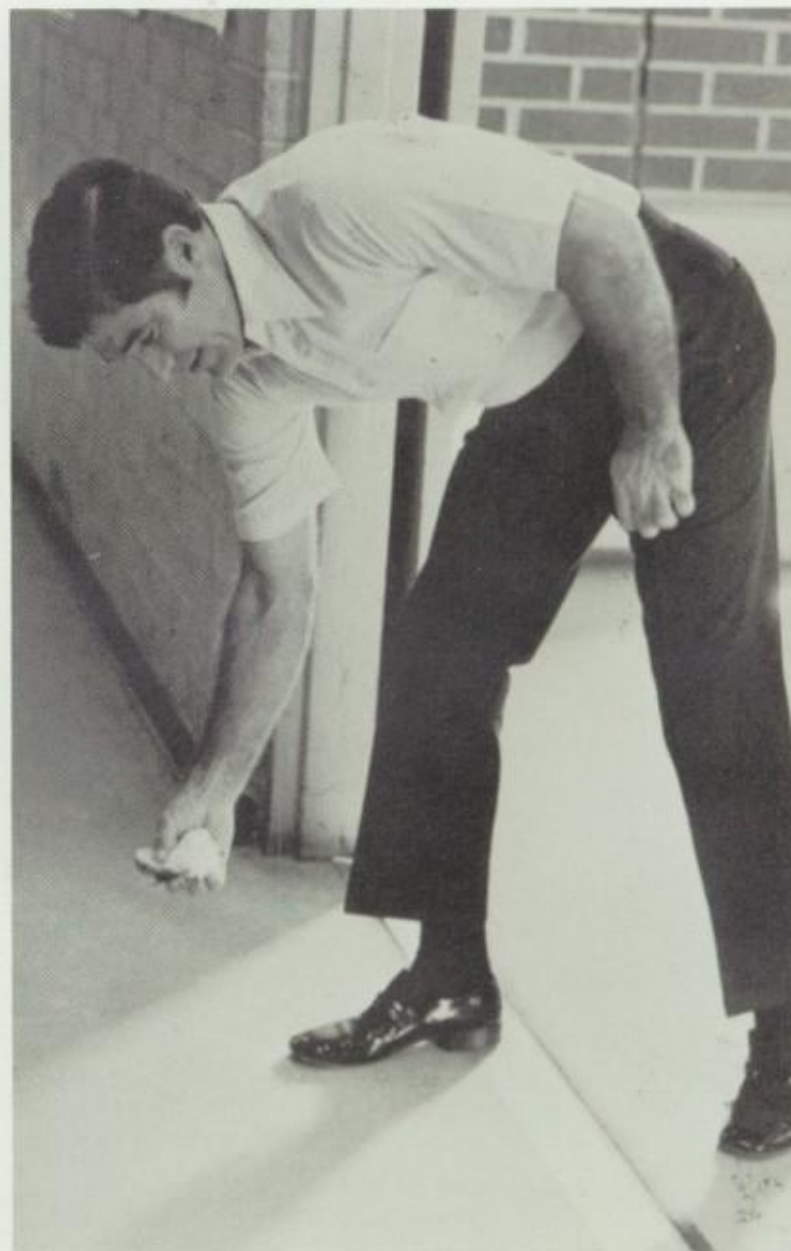

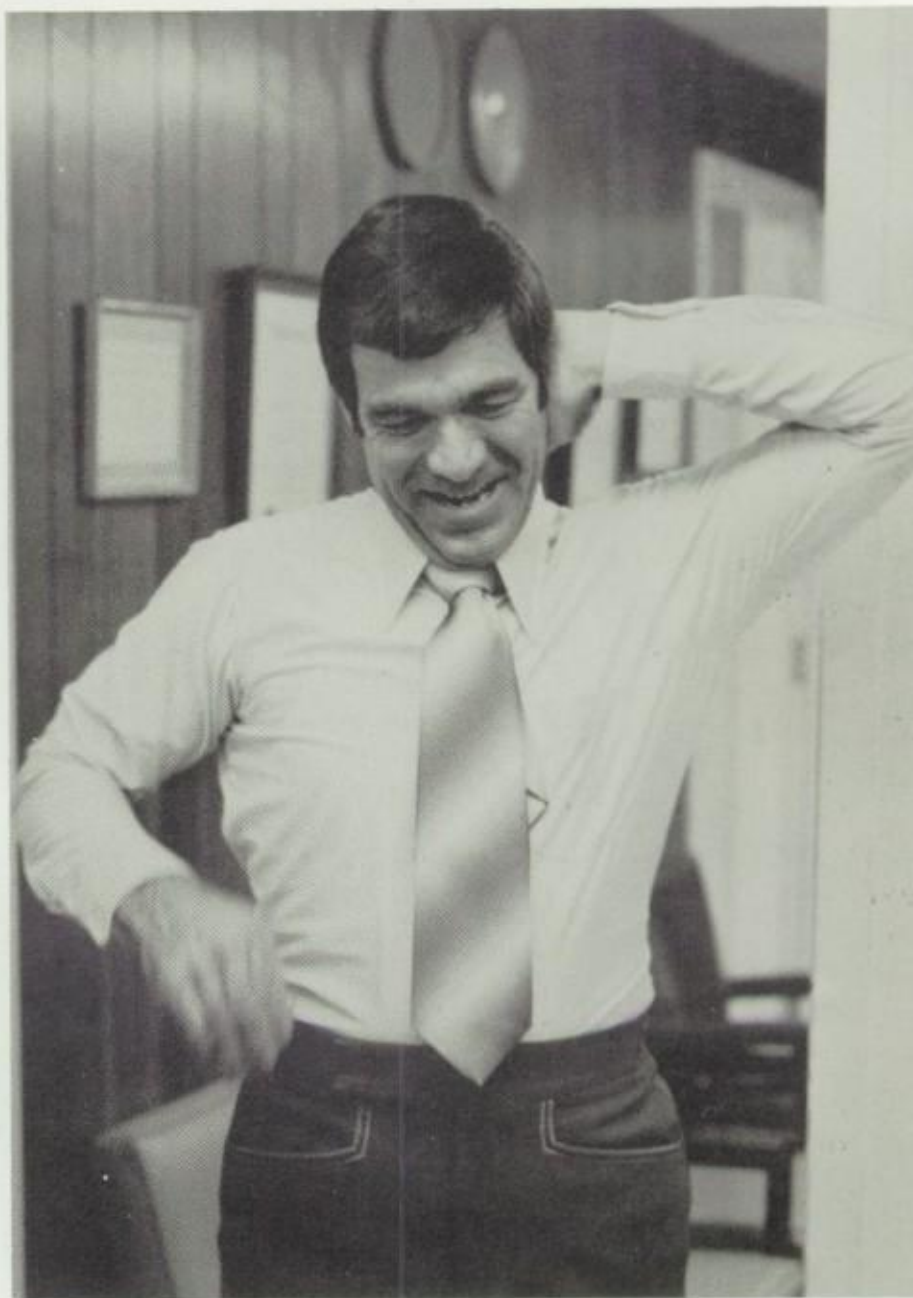

The Man At The Top

A message from Mr. Parker

"Anytime you have something to celebrate, the effects can only be described as positive from the standpoint of morale. The importance of our heritage brings attention to the Bicentennial Celebration. We begin to realize that our forefathers, who fought and died to make freedom ring, did not die in vain as America is still the foremost leader in the world.

Free public education is the cornerstone of American Democracy. Public schools will and must survive for America to continue to flourish. As Principal of Wolfson, I'm dedicated to this end. My dedication is the result of the wonderful experiences I've had with young adults over the years. Wolfson Senior High School is the climax of these experiences."

Assistant Principal

Following Mr. Parker is Miriam Jean Smith. She is Mr. Parker's right hand as Martha was to George. The Assistant Principal must know of anything and everything that occurs at Wolfson, including maintenance, the budget and problems of students. She is then able to provide a pleasurable atmosphere for students of varied interests with respect to their futures. Miss Smith, with her easy-going manner, makes her job appear less demanding than it is in actuality.

Although Miss Smith is a new addition to our faculty, she has worked in the past with Mr. Parker. Together they form a solid foundation upon which the students of Wolfson can build.

Deans

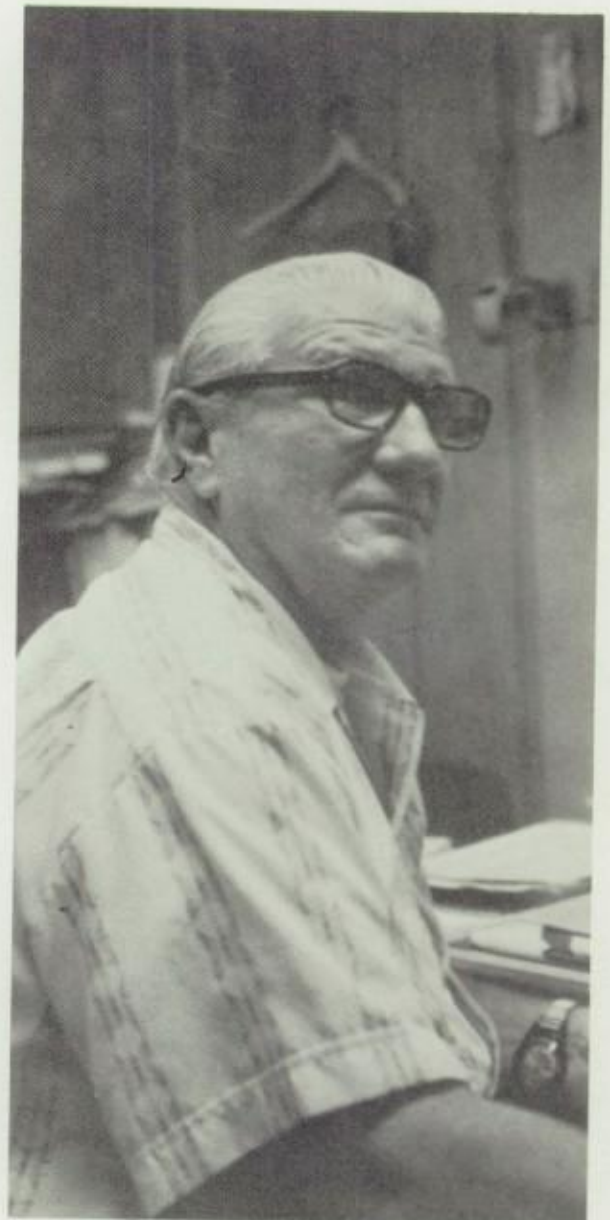

As Susan Anthony did many years ago, Miss Wilson holds the responsibility of the women of Wolfson. Her dedication to impartial discipline is one of her many positive characteristics.

Since her job encompasses varied situations, she must be able to counsel, communicate and understand; finding the answers to many questions of parents as well as students.

In his first year as the Dean of Boys, Dr. McCall has already gotten into the SWING of things. Following the figure of Thomas Jefferson, he is fair and just in his decisions with responsibilities ranging from disciplinarian to counselor, this is quite a feat.

Dr. McCall's educational training, in the field of psychology, provides an excellent background for his present position. His goal is to move away from corporal punishment to discipline by self-control.

The Deans feel that recently students have been asking for advice, putting their trust in them. They're happy to have this response and hope it will continue in the future.

Curriculum

The curriculum office handles schedules and problems concerning credits in high school or college. They keep students informed about advanced placement tests, credit by exam and other ways of obtaining a credit besides the classroom.

Occupational Specialists

Occupational specialists can be found in room 66. They are eager to help students choose careers to follow their high school education. For work during the summer or part time jobs after school, these are the men to contact.

Picture 3: Mr. Bishop & Mr. Preston; 4: Carl Bishop; 6: Leonard Preston

Guidance

Wolfson's Guidance Counselors aid students in making decisions relating to future plans. As sophomores, each student is assigned a counselor to report to the remainder of his stay at Wolfson. It is the students responsibility to get in touch with his counselor. They're ready to help when shown they're needed.

Media Center

The Media Center provides many books, newspapers, and magazines for students here at Wolfson. The staffs keep the library up to date by ordering new books throughout the year. The librarians try to keep the Media Center quiet to maintain an atmosphere favorable to learning. The Media Center here at Wolfson is a great asset to the school.

Office Staff

The first impressions of our school are made by our office staff. These people can be found buzzing around getting things straight each new day. They must plan appointments, keep attendance, grades, balance expenditures and type all the necessities essential in a school schedule.

Community School

Frank Pixler, as the Community School Coordinator of Wolfson, keeps our school running with courses and activities even after the last bell rings at 2:30. Learning never ends, therefore the Community schools bridge together the needs of the people with the services of public schools. Even in America's early development the school acted as the center of community life. Mr. Pixler has brought back that tradition with the support of the whole community.

Substitutes

Some of the people most important to the smooth functioning of a school are the substitutes. They often come on short notice yet they get the job done. They work hard at following the teachers plans for the day. The people below are those who have worked here the most throughout the year.

Cafeterial & Custodial Staffs

We are quite fortunate to have custodial services during both night and day. Our clean halls and shining windows add to the pride of Wolfson.

Also to be credited is our cafeteria staff. These are the people we can count on each day to provide varied menus. They make lunch period a time on which to look forward.

Mrs. Kathy Rawls sponsored this year's staff. To make matters easier for staffs to come, Mrs. Rawls employed a junior, Cathy Jackson, as editor this year. Next year Cathy will be able to teach new members of the staff.

C.B.E.

C.B.E. students do various jobs such as typing, filing and running the ditto machine for the teachers. Being employed in different fields of business, outside of school, they are given the experience that is essential for future careers. Each year C.B.E. compiles the information for the Facts Facts, which is also one of their major projects. The group also holds parties and other social functions for its members.

Science

Science is very important in these ever-changing times, as more and more of our problems must be solved through technology. The Science Department offers a wide range of subjects which teach students knowledge essential not only for possible careers but also for daily life. Labs serve to add interest as they demonstrate scientific principles.

Math

Student interest in mathematics has reached a new high as shown by the number of pupils currently enrolled in various mathematics courses of study. The level of math studied has also risen as reflected by the increase of students taking classes succeeding Algebra II (224). Many students will also receive Advanced Placement credit for their diligent study of The Calculus while some will become exempt from college courses by taking and passing the College Level Examination Program Test.

Math Club

The purpose of the Math Club is to promote interest in mathematics through-out the school. This goal was accomplished through the annual Jelly-bean Contest, field trip to UNF computer terminals, and tutoring.

Art and Music

The Art Department and classes guided by Mrs. Marie Epps have worked hard on posters for Homecoming and many of our dance decorations. This year art students learned techniques in pencil, ink, woodcut, acrylics, and clay.

The Music Department is Wolfson main source of entertainment. Mrs. Ruth Dobrin, Director, helps in giving Wolfson their fine Singing Wolfpack, Girls Glee, Concert Choir, and also gives private lessons.

Picture 1—Mr. Richard Dickson, Picture 2—Mrs. Marie Epps, Picture 3—Mrs. Ruth Dobrin, 4—Mr. John Moye, 5—far left; Miss Duke Anaya.

Dance and Orchestra

As a part of the fine arts program, dance was offered this year for the first time in a public high school. The class is made up of students who have had previous training in Ballet. Dulce Anaya, who has danced with the American Ballet Theater, is the instructor. The year ended with a performance given by the class.

Violins, cellos, basses. This is the orchestra. Under the direction of Mr. John Moye, these students have worked hard to carry on our fine musical tradition.

Although the smallest group in the music department, they have shown through their outstanding talent that size isn't everything!

This year's Bicentennial Chorus started the year off right by opening the Greater Jacksonville Fair. Thereafter Choral Varieties took place; what a success that was! The Chorus put on a Christmas program for the school which put the Holiday spirit in everyone's heart. State Contest was the biggest project for the year with all members only thinking positive and thinking SUPERIOR! Wolfson's Chorus is a hard working group and deserves to be recognized as the best Chorus in Duval County.

Wolfson Chorus

The Mixed Ensemble was the show group of the chorus. They performed at out of school functions within the community throughout the school year. Due to the fact that this was the Bicentennial year, most of their performances included patriotic music. This group is composed of the strong voices within the chorus.

Band

The Wolfson Senior High Bicentennial Band has had the honor this year of playing for the President of the United States, upon his arrival to Jacksonville. The Band was also chosen to welcome President Sadat, of Egypt.

In their competition against other schools, they have made straight superior ratings. They were asked to play in numerous performances including parades, the Jacksonville Fair, and to perform in Mexico, during Spring break.

Rhombus Staff

The Rhombus staff was constantly showing

The kind of spirit that kept the book growing

The editors, sponsor and staff members, too

All toiled and slaved 'til the book was all through

The type sheets, the layouts, the copy the spreads

While visions of scalographs danced through our heads

The deadlines we dreaded, the parties were plenty

Rhombus is an honor bestowed on not many.

1776: The changes that occurred during that year required strong leaders to guide Americans in the right direction, toward a common goal of freedom of choice. This goal was achieved by the colonists and the spirit they possessed is still with us today.

"If a man does not keep pace with his companions, perhaps it is because he hears a different drummer. Let him step to the music which he hears, however measured or faraway."

Excerpt from Henry David Thoreau's *Walden*, XVIII
